A new course from Dr. Kirsten Davin, creator of Let's Roll!

Hands-on! Wheelchair Seating and Positioning

One of the Few Hands-On Interactive Seating Courses!

There are an estimated 1.4 million Americans utilizing wheelchairs in the United States to achieve improved independence. For health care workers, the task of evaluating the client, determining needs, selecting the most appropriate equipment, and, when applicable, troubleshooting to improve a client's fit and function can oftentimes be intimidating. Often, we are faced with clients who present with notable orthopedic issues, deformities, and/or asymmetries coupled with limited funding or financial resources, making our intervention much more challenging.

This one-day seminar was produced by Dr. Kirsten Davin, the creator of the long running seminar, *Let's Roll! The Art of Performing Seating and Mobility Evaluations*, which has reached over 9,500 therapists across the United States. *Hands-on! Wheelchair Seating and Positioning* is designed to provide health care professionals and therapists with a hands-on, working knowledge of wheelchair seating and positioning systems. Participants will be able to identify postural issues and deformities which may be present within a client and incorporate those considerations into the creation of a custom seating system. *Hands-on*, interactive techniques will be implemented as attendees will personally be adapting, carving, and creating mock seating systems and, in the process, gain valuable knowledge that can be implemented immediately in clinic. Attendees will learn about the benefits of pressure mapping and have the opportunity to experience pressure mapping first-hand. This is a valuable course for anyone who faces challenging seating and positioning issues in clinic. Attendees will leave with a multitude of tangible knowledge, tips, and cost saving techniques which can be put to immediate use. For those interested in sitting for RESNA's Assistive Technology Professional (ATP) or Seating and Mobility Specialist (SMS) examinations, this course is an absolute must!

Course Director

KIRSTEN DAVIN, OTD, OTR/L, ATP, SMS, is best known for her long running seminar, *Let's Roll! The Art of Performing Seating and Mobility Evaluations*. She is a licensed Occupational Therapist, certified Assistive Technology Professional (ATP), and Seating and Mobility Specialist (SMS), with extensive experience in a variety of practice areas including inpatient, acute care, and intensive care units, as well as the Central Illinois Regional Burn Center. She is the owner of a successful home health-based private practice, Escape Mobility Solutions, LLC, which is dedicated to evaluating individuals for custom forms of assistive technology, such as power and manual wheelchairs, seating and positioning systems, and augmentative and alternative communication. She regularly conducts workshops on a national basis, regarding seating/positioning and assistive technology, and prides herself in offering entertaining and engaging seminars that make learning fun. Dr. Davin completed her undergrad studies in occupational therapy and graduated Summa Cum Laude from the University of Illinois at Chicago in 2001. She received her Doctorate in Occupational Therapy in 2007 from Rocky Mountain University of Health Professions in Provo, Utah, where she now holds a faculty position. Aside from her professional involvement in occupational therapy, Dr. Davin currently serves as a firefighter and the Medical Captain for the Pleasant Plains Fire Department, in her hometown of Pleasant Plains, Illinois.

What You Should Bring

Participants are asked to bring scissors, a utility knife, a protractor, and a small measuring tape, for the *hands-on* lab portion of the seminar. In addition, comfortable clothing is recommended for attendees.

Absolutely the best course I have attended in 23 years of physical therapy practice! Kirsten makes it fun and entertaining, and is extraordinarily knowledgeable in her field. I would definitely attend any course she teaches!

Mark R., DPT, Ft. Myers, FL

COURSE CONTENT

WELCOME, INTRODUCTION, AND OBJECTIVES

DEFORMITIES, ASYMMETRIES, AND CLIENT'S PRESENTATION

- ◆ Identify orthopedic issues
 - pelvic, spinal, and cervical asymmetries
- ◆ Demonstrate use of Cobb's angle for scoliosis and kyphosis measurement
 - individual *hands-on* practice in obtaining Cobb's angle measurements
- ◆ Implement various techniques to address or accommodate deformities
 - funding friendly options
 - options for clients on a limited budget

PRESSURE MAPPING EDUCATION

- ◆ Understand the benefits of utilizing pressure mapping in clinic
 - educational purposes
 - seating and troubleshooting purposes
 - current research regarding pressure mapping
- ◆ Perform *hands-on* pressure mapping and demonstrate competency with the product

CUSTOM SEATING INTERVENTION

- ◆ Recognize when custom seating is required
- ◆ Discover various manufacturers who provide custom seating options
 - adult custom seating options
 - *hands-on* exploration and creation of adult custom seating options
 - ◆ build-ups, molding, and foam options, etc.
 - pediatric custom seating options
 - *hands-on* exploration and creation of pediatric custom seating options
 - ◆ build-ups, molding, and foam options, etc.
- ◆ Fabricate creative, low-cost seating options for clients on a low budget

CASE STUDIES

- ◆ Adult custom seating case study
 - identify seating/positioning issue(s) and determine troubleshooting/required adjustments to the adult client
 - discussion of client presentation and equipment selection
- ◆ Pediatric custom seating case study
 - identify seating/positioning issue(s) and determine troubleshooting/required adjustments to the pediatric client
 - discussion of client presentation and equipment selection

CERVICAL POSITIONING SYSTEMS

- ◆ Introduce cervical positioning systems
 - occipital pads, lateral pads, anterior supports, etc.
 - contraindications for cervical positioning
- ◆ Perform a *hands-on* client evaluation for cervical positioning
- ◆ Provide resources to obtaining appropriate cervical positioning systems

WHEELCHAIR CONSIDERATIONS WHICH MAY AFFECT SEATING/POSITIONING

- ◆ Demonstration of wheelchair adjustments which may improve client's presentation
 - power wheelchair adjustments
 - tremor dampening, acceleration, deceleration, etc.
 - manual wheelchair adjustments
 - self-propulsion considerations
 - seating system adaptations

REVIEW FOR RESNA EXAMINATIONS

- ◆ Assistive Technology Professional (ATP) certification exam
 - review exam content and test taking strategies
 - identify preparatory resources for the ATP
- ◆ Seating and Mobility Specialist (SMS) certification exam
 - review exam content and test taking strategies
 - identify preparatory resources for the SMS
- ◆ Sample ATP and SMS exam questions

- ◆ Discuss the process of selecting and implementing various cervical support systems for adult and pediatric populations
- ◆ Gain *hands-on* knowledge of how to create custom seating options for clients on a very limited budget

Our Guarantee

Cross Country Education is a national leader in high-quality educational products and services for the health care industry. We have trained over one million health care providers, managers, professionals, and key personnel through our seminars, conferences, and study programs. Our programs are guaranteed to improve the effectiveness and efficiency of participants. If you attend one of our live seminars or webinars, or purchase an audio, video, or online product, and do not receive the professional or business benefits described in our literature, or have some other professional complaint, please let us know in writing within seven days and we will issue a credit voucher that you or anyone in your facility may use toward another live seminar, webinar, audio, video, or online product. All returned audio and video products and materials must be received in original condition before a voucher or replacement is issued. You may contact us at Cross Country Education, P.O. Box 200, Brentwood, TN, 37024.

An excellent course for all experience levels. Kirsten is an amazing presenter, who provided us with an abundance of material in an easy-to-understand manner. I work in a setting with very limited funding sources. Thank you, Kirsten, for giving me a lot of cost-efficient ideas to try with my clients when money is tight.

Brock S., COTA, Coronado, CA

Who Should Attend

- ◆ Physical Therapists
- ◆ Physical Therapist Assistants
- ◆ Occupational Therapists
- ◆ Certified Occupational Therapy Assistants
- ◆ DME Providers
- ◆ Nurses
- ◆ Case Managers
- ◆ Physicians
- ◆ Clinical Managers/Directors
- ◆ Administrators
- ◆ Speech-Language Pathologists
- ◆ Social Workers
- ◆ Special Education Teachers
- ◆ Administrators and Support Staff/Aides
- ◆ Caregivers
- ◆ School-Based Therapists
- ◆ Long-Term Care Therapists and Administrators

Confirmations & Cancellations

Confirmations of registration are sent via email within three days of receipt in our office. Add customerservice@crosscountryeducation.com to your email address book to ensure delivery. **If you have not received a confirmation, you may call our office at 800-397-0180 or 615-331-4422 to verify registration.** Cancellations received at least five working days before the event are refundable less a \$20 administrative charge per registrant. There is no refund for cancellations received later; however, a credit will be issued toward a future event or product order. Please note that if you register and do not attend, you are still liable for full payment. Substitutions may be made at any time. The expense of continuing education, when taken to maintain and improve professional skills, may be tax deductible. Please contact your accountant for complete details.

Disclaimer: Any opinions, findings, recommendations or conclusions expressed by the author(s) or speaker(s) do not necessarily reflect the views of Cross Country Education. Cross Country Education reserves the right to substitute a qualified instructor due to unforeseen circumstances.

Registrants will not receive a certificate until payment has been received and course has been successfully completed. If payment is not received ten (10) days prior to the seminar, the certificate may not be present at the seminar. If your payment is returned marked NSF it will be represented electronically and a processing fee will be charged as allowed by law.
